My sincere condolences to Sandra's family. As one of the many nurses who cared for her over the years, I was very saddened to hear of her passing. But she always told us "I just have to make it till my daughter graduates. " You did it and I know you are so proud. May you rest in peace and at least we know you're no longer in pain or suffering.

I have taken care of Sandra for many years. She was always very sweet and caring. She always talked about her daughter and her goal was to see her graduate. Sandra, you made it and I know you were so proud of her. You have had a long fight. You are now resting. I know where you are and you are resting and looking down on your daughter.
