Janice was there for me when I was at my lowest and for many years. She was a real friend and treated me like I was her son. I don't know where she is now but I know she isn't suffering anymore. Her family was everything to her and as stubborn as she was she loved each of them very deeply in her own. I will miss you and always remember you Janice. My friend.

I love you so much grandma.You were such an important part of my life and there is no one that can take your place. You shared your love of cooking, leaving a place better than you left it, and the love of theatre. I will think of you every time I see a yellow flower or cook something for those I love. Thank you for loving me in the most difficult of times.You're with our Father, so I know you're in good hands.I love you and I always will. Nothing will ever change that and I look forward to seeing you when we meet again in Heaven.

My mother was my confidant. She was always there for me. Taking care of her was hard but I wouldn't have had it any other way. You will forever be with me Mother. I'm lost without you. I can't even walk in your room yet. I am glad you can rest now and not suffer anymore. I love you Mother. I will see you in heaven.
